

## 2023-2024 SCHOOL PROFILE

### WHO WE ARE

Atmosphere Academy is a charter school in The Bronx, New York. We started in 2015 with 120 students in grade 6 and now will be serving almost 1700 students in grades 6 through 12 by this fall. Our high school opened with grades 9 and 10 in Fall, 2022. The Class of 2025 are all scholars who transferred to our school after 9th grade. Part of the reason for our growth over the years has been the experiences we offer our students. As the school mission states, the school believes in exposure to experiential learning to build scholar's capacity for college and career. Our 2025 scholars participated in trips aligned to their coursework, both regionally and abroad.

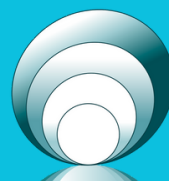

After years of comprehensive exploration and exposure to multiple career pathways in middle and high school, our 11th graders participate in hands-on learning. Rich learning experiences support our scholars in understanding the routines and expectations of their professional pursuits. Scholar internships and site-visits include JP Morgan, FBI NY, Mt. Sinai Hospital, Keller Williams, NYSE, Warburg Pincus, and many others.

### VISION

Atmosphere Academy creates an atmosphere for learning by fostering a school environment that is supportive, aspirational and rigorous. Within this setting, we promote the character, skills and knowledge that students need to be collaborative leaders that think critically and creatively. Atmosphere is able to facilitate these outcomes for all students.

### MISSION

Through the creation of a highly engaging school setting, Atmosphere Academy not only prepares students to be ready for college, career, and life, but to succeed once they get there. By actively contributing to the school's shared learning community, Atmosphere students will acquire the character, skills, and knowledge they need to think, collaborate, and lead.
